Areas of Interest or Education:

Education: Juris Doctor (JD) Concentration in Property, Housing and Housing Finance Master of Laws (LL.M.) in Taxation Advanced training in Federal Housing Development and Finance, Fair Housing, Land Use, Planning, and Community Development Areas of Interest : Affordable and workforce housing policy, redevelopment of underutilized properties, municipal land-use planning, zoning and variance administration, and the integration of local, state, and federal housing initiatives to strengthen community development.

Skills and Experience:

I am a long-time Londonderry resident (over 35 years) with more than three decades of combined executive level experience in housing policy, land-use regulation, and municipal governance. My background provides practical insight into how local planning, redevelopment, and zoning decisions intersect with state and federal programs. I would bring to any committee or commission a balanced perspective that combines technical precision, policy expertise, and a long-standing commitment to Londonderry's thoughtful growth and preservation of community character. Federal Experience As Director of the New Hampshire Office of the U.S. Department of Housing and Urban Development (HUD) for more than two decades, I led federal housing and community development initiatives across the state. My work has supported over 70 percent of all low income, veteran, homeless, and multifamily developments in New Hampshire. This role required close coordination with state agencies, municipalities, developers, and non-profits to deliver projects consistent with both federal and local priorities. Municipal Experience Londonderry Zoning Board of Adjustment I served approximately ten years on the ZBA, including five years as Chairman. During that time, I also served as a volunteer instructor for new ZBA members statewide through the New Hampshire Municipal Association. My work emphasized fairness, statutory compliance, and clear written decisions consistent with RSA 674:33 and related land-use law. Londonderry Budget Committee As a member for five years, I focused on the detailed review of town operating budgets and capital appropriations, emphasizing fiscal discipline and transparent public reporting. Economic Development Committee As Budget Committee liaison, I led the initiative to purchase and relocate the town offices to the former bank building on Route 102 (now St. Mary's Bank). I also served on a three-member team that secured the acquisition of development rights for several key orchard properties, preserving open space and the town's agricultural heritage. Legislative Service As a former New Hampshire State Representative for Londonderry, I served on several committees and sponsored legislation supporting municipal governance, including drafting and co-sponsoring the Municipal Budget Act (SB2 Town Form of Government), which reformed the town meeting process to enhance voter participation and fiscal accountability.

Christa Guiney

Availability:

Two meetings per month

Time restrictions:

N/A

Areas of Interest or Education:

I have a strong interest in community education and planning, particularly in how accessible health and science education supports sustainable community growth. My background in healthcare operations and communication has shaped my interest in educational initiatives that promote public understanding of medical and health-related topics. I am also passionate about planning and implementing frameworks that make educational resources clear, inclusive, and compliant — ensuring that both professionals and community members can effectively engage with information. As a planning board volunteer, I am especially interested in fostering educational outreach and collaborative learning that enhance public health awareness and responsible community development. I also hold a Bachelors degree in Health Science and Business Administration, I currently serve as a director for a major Pharmaceutical company.

Skills and Experience:

With over seven years of experience in global operations, medical affairs, and healthcare communication, I bring a strong foundation in strategic planning, process improvement, and cross-functional collaboration—skills directly applicable to community planning and governance. My work in the pharmaceutical and biotech sectors has honed my ability to analyze complex systems, develop scalable frameworks, and manage projects that balance innovation, compliance, and stakeholder alignment. I have led initiatives that enhanced communication across diverse teams, streamlined operational processes, and fostered efficient decision making structures—experience that translates seamlessly into supporting data-driven, organized, and transparent community planning efforts. Backed by a degree in Health Science and Business Administration and certifications in Project Management and Six Sigma, I am committed to applying analytical rigor, strategic communication, and a collaborative approach to advancing thoughtful and sustainable planning board initiatives.

Areas of Interest or Education:

I'm interested in the opportunity to serve on the Budget Committee and ZBA. With a Bachelor's in Business Administration and ongoing studies for a Master's in Public Administration, coupled with 19 years of experience in municipal government, I believe I can bring a valuable perspective to these roles. I am eager to utilize my knowledge and expertise to contribute positively to the decision-making processes of the Budget Committee and ZBA. I am dedicated to fostering transparency and accountability while striving to make informed and impactful decisions for our community.

Skills and Experience:

I am interested in serving on the Budget Committee because I believe my 19 years of experience working in municipal government has given me a strong understanding of public finance, budgeting processes, and the importance of responsible fiscal management. Throughout my career, I have gained firsthand knowledge of how local government budgets are developed, implemented, and monitored to meet community needs while maintaining transparency and accountability.

Areas of Interest or Education:

I am a retired Registered Nurse specializing in Intensive Care, Emergency Department and Recovery room. I have been following all aspects of the Town of Londonderry for multiple years. I remain very interested in the growth and development of the Town and the specific desires of residents in this area as stated through surveys, comments at meetings and social media.

Skills and Experience:

I have an acute sense for detail as it was always required in my profession. I am in my second term as a State Representative for the Town, I understand the RSAs and their importance in all aspects of Town operations. I am presently an alternative on the Zoning Board. In the few short months in this position. I have learned much. I have no personal, political or professional agenda that would interfere with my position or cloud my judgement on this Board. My only desire is to do what is best for the Town and its residents.

List of positions of interest:

Yes; Alternate, Zoning Board

Ryan Phillips

Availability:

Three or more meetings per month

Time restrictions:

Restrictions are currently unknown for 2026; schedule will be determined by Dec 1, 2025.

Areas of Interest or Education:

As a resident of Londonderry since 2017 and a parent of three children currently enrolled in three different Londonderry schools, I have a strong personal investment in the community. While I am not currently seeking to volunteer for a committee, I am interested in serving on a board or commission in either a member or alternate capacity. I have also contributed to the community through coaching youth baseball for my youngest son with LAFA over the past two years.

Skills and Experience:

I am a retired US Air Force Master Sergeant and currently serve as an FAA Operations Manager, overseeing air traffic operations at Boston Center in Nashua. In this role, I am responsible for managing operations across all of New England and most of New York. My experience has equipped me with strong leadership, operational oversight, and collaborative decision-making skills. I manage a large workforce within defined budget constraints and regularly navigate complex challenges, all of which have strengthened my ability to lead effectively and work across diverse teams.

List of positions of interest:

Zoning Board of Adjustment; Recreation Commission; Conservation Commission; Heritage/Historic District Commission

Order of preference:

Zoning, Rec, Conservation and Heritage/Historic

Current employer:

Federal Aviation Administration, Air Traffic Operations Manager

Areas of Interest or Education:

I am a new resident of Londonderry and have a strong interest in the Conservation Commission. I have always had a love of New Hampshire as my favorite state. A former resident of Massachusetts, I traveled here many times for vacationing, hiking, fishing and other outdoor activities. As an undergraduate student of Harvard University, Much of my studies centered around anthropology and archaeology and other humanity studies. I participated in some classes introducing me to ecology. I have a strong interest in ecological conservation and its relationship with humanity.

Skills and Experience:

I am a graduate of Harvard University with very diverse fields of study, from physical science to humanities to medicine and history. I am a retired police and fire alarm dispatcher. I have extensive experience in communication and public speaking and relations. I also have experience as TRIAD officer, a joint project between seniors, police and the District Attorney's office in Essex County, Massachusetts. I am also a former police officer and paramedic, giving me leadership and triage of importance experience. I volunteered in the USCG for many years becoming a medical officer.
