As recently as the November 10th Town Council meeting Bouchard was fighting with the other people to not return tax dollars that belonged to the tax payers. He should have to resign from all tax related discussions while under investigation for fraud the other councilors should demand that he should be put on a leave of absence assuming they all know he is being questioned by the Corruption people at the Attorney General. Keep in mind we all live in fear of him and his actions towards the elderly who he threatens financially. At the very least the public deserves to know the truth and stop keeping it a secret. Doing nothing makes all of you just as guilty as Dan Bouchard
