Code of Ethics Violation

What would you like to report?

While watching the planning board meeting of November 5 2025 the planning board was having a public hearing regarding rezoning Litchfield road. During the discussions Jeff Penta the vice chair of the planning board made a motion to continue the hearing. The employee for the town stated you are in the middle of a public hearing right now. Mr. Penta can be heard swearing saying "Jesus Christ" as he pushes back in his chair very frustrated.

Later on watching the meeting there is a point of order regarding Councilor Faber if he should be voting on this matter and he said he would abstained but voted yes. Since he is on the town council and the town council is asking to rezone the property shouldn't he be stepping down from the discussion? Seems like he is influencing the planning board and is highly unethical.
